Emitter Coverage Area Examples:

1 Emitter	Small auditorium, movie theater, break-out room, meeting space
2 Emitters	Ballroom, gymnasium or small high school football stadium
3 Emitters	Medium concert venue, large high school football stadium
4 Emitters	Convention hall, bar or dance club
8 Emitters	Large concert venue, typical NBA/NHL arena
Larger Venues	Call for custom site review and recommendation

CONTROL SYSTEM TECHNICAL NOTES: BlinkFX Control Emitters are compatible with most industry standard DMX512 control boards and/or software. Emitters are DMX addressable (in serial) and connected with industry standard 3-pin XLR cables. DMX512 controls are the choice of professional lighting designers, DJs and light board operators globally. BlinkFX does not currently offer DMX512 control products or XLR cables as these items are readily available in the market.
